I _____ understand the importance of controlling weeds. I give my permission for the Otero Soil and Water Conservation District to hire a Licensed Commercial Applicator to treat my property for me at a charge of \$55.00 plus tax (**per applicator/one hour minimum**) expense to me. The Licensed Applicator will treat only the area with targeted weeds while he/she is on my property. **The targeted, Otero County noxious weeds are: African rue, Russian knapweed, Musk thistle, Canada thistle, Hoary cress, Toadflax, Leafy spurge and Malta or Yellow star thistle.**

I understand that every effort to protect desirable vegetation i.e. trees and flowers will be made, but in the event a desirable plant dies the Otero Soil and Water Conservation District and the Licensed Applicator will not be held liable.

****All properties participating in the commercial applicator program will be mapped and photo points created to monitor the success of the treatments. The Otero SWCD has hired a contractor to complete this work.**
